Welcome & Call to Order | Laurie Sallarulo, Chair, called the meeting to order at 5:08 pm. The Roll Call was conducted and a quorum was established. |  
Chair Report | The CEO Evaluation process was discussed. Although the Strategic Planning process will inform CEO goals for FY 18/19, a draft evaluation tool and performance goals for the current year will be developed for initial review by the Executive Committee for the current evaluation period, which will cover January 2017 to June 2018. Previously, the evaluation was based on the calendar year; however, going forward there was consensus that it should align with ELC’s fiscal year. Additionally, since the transition has significantly expanded the number of in-house staff, time lines for staff annual evaluations may also need review. |

**Approve Consent Agenda:**

The following two (2) items were pulled from the Consent Agenda for discussion: OEL Annual Report (Renee Podolsky) and the Business Leadership Institute contract renewal (Laurie Sallarulo).

A **Motion to Approve** the September 27th Executive Committee minutes and the Department of Children and Families Refugee Entrant Contract Amendment #3 was made by Cindy Arenberg Seltzer, **seconded** by Michael Asseff and **unanimously approved**.

Members discussed the accuracy of the data provided by OEL in the Annual Report. ELC staff shared their concerns regarding service and transaction coding, duplication of families across multiple coding parameters, Statewide coding requirements and limitations, and the need for improved service tracking with the new EFS system modernization. CEO Renee Jaffe shared similar concerns from other Coalitions across the State. Clarifications of current and future reporting activities and opportunities for improvement will be brought to the full Board for consideration; although reporting in the prescribed format with data provided by OEL is a contract compliance requirement.

A **Motion to Approve** the Annual Report FY 2016-2017, as presented, was made by Cindy Arenberg Seltzer, **seconded** by Renee Podolsky and **unanimously approved**.

Committee members shared concerns regarding FY 16/17 contract performance and some provider data that was not available for constructive analysis. Feedback for the FY 17/18 contract included a recommendation to remove process indicators included in the Performance Measures that should be included in the contract requirement section of the contract and modify outcomes target percentages in the FY 17/18 contract to better reflect
